I agree with Julie, Chris. We wanted to bring the idea up at the CAG meeting tonight and get their input, but not present the transfer of Area 40 as a definite plan with a schedule just yet.

Thank you,  
Lynn

Hi Chris:

The map you have is the most recent version I have. The only comment I have for the project status is for the Area 40 line item. It might be premature to put a schedule out to the public just yet. There are couple of things that need to happen between EPA and DTSC first.

Julie

Hi Everyone – Just wanted to provide you a preview of the project status calendar I plan to hand out to the CAG tomorrow night. Please let me know if you have questions. We also include the attached EPA provided map on the other side of the page. If there is a more recent version you would like me to use, please let me know.

Chris
